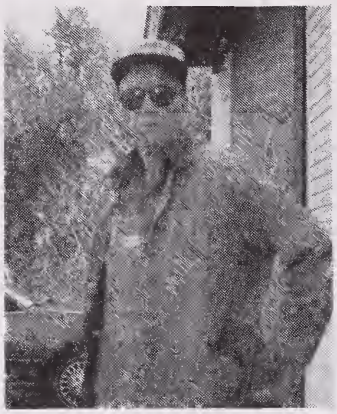
DEDICATION



FORREST T. REYNOLDS, JR.

Forrest T. Reynolds, Jr. has lived in Newton long enough to know the town and its residents so well that many townspeople are surprised to learn that he is not a native.

Being brought up in Amesbury, Massachusetts and graduating from Amesbury High School, he moved to Newton when his father bought the farm on Thornell Road. After attending Essex Agriculture School, he settled in Newton to help his father run a dairy farm. Forrest and his wife (the former Marjorie Emery) bought the farm from the senior Reynolds and raised poultry for many years. Upon retiring from the poultry business, Forrest turned to tree farming.

Always working in close harmony with the soil and nature, Forrest has been a long time member of the Newton Conservation Commission, serving as its chairman for several years and now as an alternate member. He has also served on the Finance Committee and as an alternate on the Zoning Board of Appeals.

Forrest and Marjorie have no children of their own, but many people in town can attest to their love and caring of youngsters through their help with 4-H, Scouting, and Library projects. Marjorie was Town Librarian for several years. They are both members of the Newton Historical Society and have a wealth of information to share with newer residents.

An accomplished carpenter, Forrest has supervised and done most of the work in the maintenance of the Town Museum, and worked on other public and private buildings in town.

THE PEOPLE OF NEWTON WANT TO THANK YOU FORREST, AND PLEASE,

KEEP UP THE GOOD WORK.

IN MEMORIUM

During 1989, the Town of Newton, lost two citizens who, in the years past, served the Town. We would like to recognize their service to the Town.

LLOYD SCOTT MACDONALD, 1930 - 1989

Scott was born in Newton and lived here all his life. He was appointed as Health Officer in 1962 and served until 1971. He was elected Selectman in 1967 and served until 1971. He was very active in Civic Organizations including the Carl Davis Post 34 of the American Legion, Country Pond Fish & Game Club and the Granite State Grange.

DONALD P. WRIGHT, 1920 - 1989

Donald was born in Haverhill, Massachusetts and moved to Newton in 1968. He was appointed as Town Historian in 1978 and served until his death. He helped many people in researching their genealogy, being able to name reference materials to be researched. His specialty was the History of Newton, N.H.

TOWN WARRANT
1990
The State of New Hampshire Town Warrant

THE POLLS WILL BE OPEN FROM 10:00 A.M. to 7:30 P.M.

To the inhabitants of the Town of Newton, N.H. in the County of Rockingham, in said State, qualified to vote in Town Affairs: you are hereby notified to meet at the Town Hall, in said Newton, on Tuesday, the thirteenth day of March next, at ten o'clock in the forenoon, to choose all necessary Town Officers for the ensuing year by official ballot, and to take other action required to be inserted on said ballot; the polls to be open at ten o'clock in the forenoon and to close not earlier than seven-thirty o'clock in the evening, and thereafter to reconvene at the Sanborn Regional Middle School in Newton, on Wednesday, March 14, 1990, at seven o'clock in the evening for the purpose of acting upon all other matters to come before the Meeting.

1. To choose all necessary Town Officers for the year ensuing.

2. On a petition of 10 or more legal voters, shall we adopt the provisions of RSA 72:28, V and VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veterans' exemption is $100, rather than $50."

3. On a petition of 10 or more legal voters, to see if the Town of Newton will vote in favor of having the office of Town Clerk combined with the office of Tax Collector, thereby creating a new office of Town Clerk-Tax Collector to be held by one individual for a term of three years. (RSA 41:45-a)

4. Are you in favor of the adoption of Amendment No. 1 to the Town of Newton Zoning Ordinance as proposed by petition of 25 or more legal voters for this town as follows: (This amendment would modify the zoning ordinance map of the Town of Newton by establishing a Commercial/Septage handling zone which will be located on Route 108 (South Main Street) as more particularly shown on the map herewith)?

Establish a Commercial/Septage Handling Zone to be referenced in Section II as shown:

"7. Commercial/Septage Handling Zone"

and further referenced in new Sections XII-C and XII-D as also shown:

"SECTION XII-C: COMMERCIAL/SEPTAGE HANDLING ZONE USES

In this zone, no building, or structure or premises shall be erected or altered and no building, structure or premises shall be used for any purpose except the following:

1. Any use permitted in the Commercial Zone.

2. Use of the same lot for a lagoon-type septage disposal facility.

SECTION XII-D: COMMERCIAL/SEPTAGE HANDLING ZONE AREA REGULATIONS

1. Buildings erected and their premises shall conform to the area regulations for the Commercial Zone.

2. Septage disposal facilities should also meet the following minimum distances:

   a. At least 100 feet from surface water (stream, river, pond, lake, etc.).

   b. At least 400 feet from any private or community well, and/or at least 1,000 feet from any municipal well or water supply source.

   c. At least 100 feet from property lines, unless a variance is granted by abuttor (current property owner).

   d. At least 1,000 feet from nearest residence, unless owned by the permittee or unless a variance is granted by abuttor.

   e. At least 4 feet above the seasonal high groundwater table level.

   f. Sites should be accessible year round or provisions made for alternate disposal methods or sites during these periods - such as wastewater treatment plants.

   g. Prevailing winds should be considered in the siting of septage disposal areas to minimize odor complaints.

   h. No soils that are poorly or very poorly drained are suitable for septage disposal.

3. Site plans shall be submitted to the Planning Board for review and approval prior to the commencement of any construction on the property."

THE PLANNING BOARD DISAPPROVES OF THIS AMENDMENT

5. Are you in favor of the adoption of Amendment No. 2 to the Zoning Ordinance as proposed by petition of 25 or more legal voters for the Town of Newton?

To change zoning on land located at 176 South Main Street Route 108 known as Block 02 Lot 019 on Tax Map 014 from RESIDENTIAL A to SENIOR CITIZEN HOUSING ZONE.

THE PLANNING BOARD DISAPPROVES OF THIS AMENDMENT

6. Are you in favor of the adoption of Amendment No. 3 as proposed by petition of 25 or more legal voters for the Town of Newton?

WATER SUPLY PROTECTION ORDINANCE

1. AUTHORITY AND PURPOSE

Pursuant to RSA 674:16-21, the Town of Newton, New Hampshire adopts a Water Supply Protection Ordinance accompanying regulations in order to protect, preserve and maintain existing and potential future groundwater supplies and related ground water recharge areas within the Town of Newton (the Town).

The objectives of the Water Supply Protection Ordinance are:

a. to encourage development and land use practices that can appropriately and safely be located in the Town of Newton (the Town) without degrading the quality and quantity of known and future potential water supplies;

b. to promote future growth and development of the Town by insuring the future availability and quality of water supplies;

c. to protect public health, safety and welfare by protecting the quality and quantity of ground-water in the Town.

2. DEFINITIONS

Groundwater: All the water below the land surface in the zone of saturation or in rock fractures capable of yielding water to a well.

Leachable Wastes: Waste materials, including solid wastes, sludge and agricultural wastes that are capable of releasing contaminants to the surrounding environment.

Mining: The removal of geologic materials such as topsoil, sand and gravel, metallic ores, or bedrock to be crushed or used as building material.

Non-conforming Use: Any lawful use of buildings, structures, premises, land or parts thereof existing as of the effective date of this Ordinance, or amendment thereto, and not in conformance with the provisions of this Ordinance, shall be considered a non-conforming use.

Sludge: Residual materials produced by sewage treatment process.

Solid Waste: Any discarded or abandonded material including refuse, putrescible material, septage, or sludge, as defined by New Hampshire Solid Waste Rules.

Structure: Anything constructed or erected, except a boundary wall or fence, the use of which requires location on the ground or attachment to something on the ground. For the purpose of this Ordinance, buildings are structures.

Toxic or Hazardous Materials: Any substance or mixture of such physical, chemical, or infectious characteristics as to pose a significant, actual, or potential hazard to water supplies, or other hazard to human health, if that substance or mixture were discharged to land or waters of the Town. Toxic or hazardous materials include, but are not limited to, those defined as such by the Code of Federal Regulations, 40 CFR 261.

3. USE REGULATIONS

a. Prohibited Uses

The following uses are prohibited in the Town by the Water Supply Protection Ordinance except where permitted to continue as a non-conforming use:

1. Disposal of solid waste other than brush or stumps.

2. Storage, treatment, or disposal of hazardous waste or sludge.

3. Commercial or industrial disposal or processing of liquid or leachable wastes.

4. Industrial and commercial uses which discharge process waters on-site.

5. Storage of road salt or other de-icing chemicals in a manner where leaching to groundwater may occur.

6. Dumping of snow, brought from towns other than Newton, which contains de-icing chemicals.

7. Junk and salvage yards.

8. Waste injection wells.

b. Permitted Uses

The following activities and uses may be permitted provided they are conducted in accordance with the purposes and intent of this Ordinance:

1. Residential development in compliance with the Town of Newton Zoning Ordinance.

2. Activities designed for conservation of soil, water, plants, and wildlife.

3. Outdoor recreation, nature study, boating, fishing, and hunting where otherwise legally permitted.

4. Normal operation and maintenance of existing water bodies and dams, and other water control, supply and conservation devices.

5. Foot, bicycle, and horse paths, recreational trails, and bridges.

6. Maintenance or repair of any existing structure.

7. Farming, gardening, nursery, forestry, harvesting and grazing, provided that fertilizers, herbicides, pesticides, manure, and other leachables are used appropriately at levels that will not cause groundwater contamination.

c. Permitted Commercial and Industrial Uses

Commercial and Industrial uses may be permitted if a groundwater impact report evaluating the proposed use, prepared by a professional engineer, is submitted to the Planning Board. The Planning Board will evaluate and determine if the proposed use complies with the purposes, intent, and all other applicable sections of this Ordinance. The proposed use must also comply with the Town of Newton Zoning Ordinance.

d. Special Exemptions

The Planning Board may grant a special exemption for those uses not specifically permitted by Section 3.b. and 3.c., only after written findings of fact are made that all of the following are true:

1. The proposed use will not detrimentally affect the quality of the groundwater in the Town by directly contributing to pollution or by increasing the long-term susceptibility of groundwater to degradation from pollution.

2. The proposed use will not cause a significant reduction in the long-term volume of water contained in the saturated soils or in the storage capacity of the groundwater zone.

3. The proposed use will discharge no wastewater on-site other than that typically discharged by an equivalent number of single family residences which could be located on the site if residentially developed per the Town Zoning Ordinance.

4. The proposed use will not involve on-site processing, storage, or disposal of toxic or hazardous wastes.

5. The proposed use complies with the purpose, intent and all other applicable sections of this Ordinance.

4. APPEALS

If a proposed special exemption use is determined by the Planning Board to be non-compliant with the purpose and intent of this Ordinance, the applicant may appeal the decision to the Zoning Board of Appeals.

The applicant is required to provide to the Zoning Board of Appeals data and reports prepared by a professional engineer to assess any potential damage to the groundwater supply which may result from the proposed use.

The Zoning Board of Appeals shall engage a professional engineer (reviewing engineer) to review and evaluate reports and or data presented to the Zoning Board of Appeals by the applicant or applicant's representative. The reviewing engineer will review the proposed use and all documentation presented by the applicant or applicant's representative to determine if the proposed use fulfills the criteria listed in Section 3.c. The Zoning Board of Appeals will be reimbursed by the applicant for all costs associated with the review process.

5. DRAINAGE

All runoff from impervious surfaces shall be recharged on the site, and diverted toward areas covered with vegetation for surface infiltration to the maximum extent possible. Dry wells shall be used only where other methods are not feasible and shall be preceded by oil, grease, and sediment traps to facilitate removal of contaminants.

6. INSPECTION

All Special Exceptions granted under Section 3.c. of this Ordinance shall be subject to twice-annual inspections by an agent of the Selectmen. The purpose of these inspections is to ensure compliance with the conditions under which approvals were granted. A fee for inspection shall be charged to the owner according to a fee schedule determined by the Selectmen.

7. NON-CONFORMING USES

Any non-conforming use may continue and may be maintained, repaired and improved unless such continued use is determined by the Selectmen to be an imminent danger to the quality and quantity of groundwater and or a imminent hazard to public health and safety. No non-conforming use may be expanded, changed to another non-conforming use, or renewed after it has been discontinued for a period of 12 months or more.

8. SAVING CLAUSE

Should any section or provision of this Ordinance be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the Ordinance as a whole or any part thereof.

9. ADMINISTRATION

a. General: The provisions of the Water Supply Protection Ordinance shall be administered by the Planning Board. All development proposals, other than single or two-family residential construction not involving the subdivision of land shall be subject to subdivision and/or site plan review and approval in accordance with Planning Board rules and regulations. Such review and approval shall precede the issuance of any building permit by the Town.

b. Enforcement: The Board of Selectmen shall be responsible for the enforcement of the provisions and conditions of the Water Supply Protection Ordinance and shall act in accordance with the Town of Newton Zoning Ordinance.

10. EFFECTIVE DATE

This Ordinance shall become effective upon the date of posting.

THE PLANNING BOARD DISAPPROVES OF THIS AMENDMENT

7. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town of Newton Wetland Zoning Ordinance as follows:

To amend SECTION 2 DESIGNATED WETLANDS to read:

2. WETLANDS DEFINED

(a) Wetlands are areas that are inundated or saturated by surface or ground water at a frequency and duration to support, and that under normal conditions do support, a community of vegetation typically adapted for life in saturated soil conditions.

They include, but are not limited to swamps, bogs, marshes, ponds, lakes, seasonal streams, brooks, or rivers, as well as soils that are defined as poorly drained or very poorly drained.

(b) The location of a wetland boundary in any particular case must be determined by on-site inspection of soil types and vegetation. This data shall be prepared by a qualified soil scientist using the current standards of High Intensity Soil Maps for New Hampshire as prepared by the Society of Soil Scientists of Northern New England.

(c) A qualified soil scientist is a person qualified in soil classification and mapping who is recommended or approved by the New Hampshire State Conservation Committee or the Rockingham County Conservation District.

Any necessary soil testing procedures shall be conducted at the expense of the landowner or developer. Any costs incurred through appeals shall be at the expense of the landowner or developer.

(d) Boundary Appeals

In the event that the Planning Board or Conservation Commission questions the validity of the boundaries of a wetland area on a specific parcel of land, or upon the written petition of the owner or any abutter of the said property to the Planning Board or Conservation Commission, either the Planning Board or Conservation Commission shall call upon the services of a qualified soil scientist to examine said area and report the findings to the requesting Planning Board or Conservation Commission.

To amend Section 3 MAP SHOWING WETLAND BOUNDARIES to read:

3. WETLAND BOUNDARIES

Wetland boundaries shall be determined from soil survey field sheets which show the results of the on-site inspection of soil types by a qualified soil scientist as referenced in Section 2.

The results of the on-site soils investigation will be on file with the Planning Board and Conservation Commission and confirmed by an on-site inspection of the referenced site by the Conservation Commission and the Planning Board.

To amend Section 5 PERMITTED USES to read:

In designated wetland areas, permitted uses are as follows:

5. (a - f) unchanged.

To amend Section 5 PERMITTED USES to add:

(g) Any use otherwise permitted by the Town Zoning Ordinance and State and Federal laws that does not involve the erection of a building or that does not alter the surface configuration of the land by the addition of fill or by dredging except as a common treatment associated with a non-residential permitted use as listed above.

(h) The construction of fences, footbridges, catwalks, and wharves only, provided:

1) said structures are constructed on posts or pilings so as to permit obstructed flow of water; and

2) the natural contour and elevation of the wetland is preserved.

(i) All plans for such permitted uses of wetlands must be submitted to the Conservation Commission for review and written recommendation prior to conducting such permitted use. Said recommendation shall be addressed by the Planning Board before site plan or subdivision approval.

The Conservation Commission may retain the services of an outside consultant for the purpose of the plan review. Costs of the outside consultant retained by the Conservation Commission for the purposes of the plan review shall be at the expense of the landowner or developer.

To amend Section 6 EASEMENTS, RIGHTS OF WAY to delete last paragraph and to add:

(d) Approval for such uses may be obtained as a part of site plan approval pursuant to RSA 674:43 or the subdivision approval pursuant to RSA 674:35.

(e) In all cases prior to construction, a State Dredge and Fill permit must be obtained. It may also be necessary to obtain approval from the U.S. Army Corps of Engineers.

To amend Section 8 OTHER CONDITIONS, BUFFER ZONES to read:

(a) No subsurface wastewater disposal system shall be constructed within a one hundred foot (100 ft.) horizontal distance from a designated boundary of a wetland.

No wastewater disposal system shall be constructed in or on fill material (legally or illegally placed) that has been placed over wetland.

There shall be no filling or alteration of surface elevation of wetlands to provide for these setback distances.

(b) No human or animal waste or other pollutants shall be directly discharged into wetland areas or stored upon soils within one hundred feet (100 ft.) horizontal distance from designated wetland boundaries.

(c) No underground storage of hazardous materials or petroleum hydrocarbon products shall be permitted within 100 feet of a wetland.

Underground storage tanks, both new or replacement installations, located within the zone from 100 to 500 feet from a wetland, shall be installed with a secondary containment structure which will collect and contain a spill or leak. The secondary containment structure shall consist of one of the following:

1) Double-Walled Tank. A double-walled tank shall be constructed in accordance with New Hampshire Administrative Code, Ws 411.12(d).

2) Vault. A vault shall be constructed in accordance with Ws 411.14 (b).

Piping for underground storage tanks installed at a distance less than 500 feet from a wetland shall comply with Ws 411.15.

All underground storage tanks larger than 1100 gallons shall be tightness tested for leaks consistent with Ws 411.00.

All above ground storage facilities for hazardous materials or petroleum hydrocarbon products larger than 300 gallons (aggregate volume) located within 200 feet of a wetland shall be equipped with secondary containment structures, as outlined above, which will collect and contain a spill or leak.

(d) Any construction activity that occurs in an area where erosion and/or runoff could affect water quality or impact wetland areas shall be provided with adequate erosion control methods to minimize the impact of said construction activity on water quality and/or wetland areas.

Plans for erosion control methods shall be submitted to the Planning Board and Conservation Commission, for review and comment to the Building Inspector, before a permit is issued.

To amend Newton Wetland Ordinance to add Section 9 as follows:

9. VIOLATIONS OF ORDINANCE PROVISIONS AND RESTORATION OF WETLANDS

(a) The Building Inspector shall not issue any permit for construction within a wetland unless such activity conforms with the provisions of this ordinance.

(b) The Board of Selectmen shall have the power to enforce this ordinance and violations may be punishable by fines as provided by RSA 676:17.

(c) Any wetlands altered in violation of this ordinance shall be restored at the expense of the violator(s) as provided by RSA 483-A:5, and shall comply with the following conditions.

Development or use of wetlands not conforming with the purpose or intent of this ordinance shall be subject to restoration.

The restoration shall return the former wetland area to its original soil contours, elevations, and vegetation types.

Plans for restoration shall be prepared by a Professional Engineer and submitted to the Conservation Commission for review and approval.

All costs for the restoration of wetland areas and Conservation Commission review shall be at the expense of the landowner or developer.

A bond will be posted for the performance of the restoration project in the amount of 1.5 times the project costs as estimated by the planning Professsional Engineer.

Successful completion of the wetlands restoration project will be determined by the Conservation Commission.

To amend Newton Wetland Ordinance to add Section 10 as follows:

10. EXEMPTIONS.

When an existing subsurface wastewater disposal system fails and a new system cannot be designed to meet all of the requirements of Section 8 of this ordinance, the Newton Health Officer may approve a subsurface wastewater disposal system that best meets health requirements and wetland protection requirements but does not necessarily meet all of the buffer requirements of Section 8 of this ordinance.

This does not negate the requirement to obtain a State of New Hampshire Water Supply and Pollution Control Division approval.

8. To hear reports of Town Officers and pass any vote relating thereto.

9. To see if the Town will vote to authorize the Board of Selectmen to borrow money in anticipation of taxes.

10. To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by Tax Collector's Deed by public auction (or advertised sealed bid) or in such manner as determined by the Selectmen as justice may require. RSA 80:42.

b) Select committee officials (i.e. chairman, vice-chairman, secretary, treasurer, etc.).
c) Set up a guideline to meet the requirements of N.H. RSA 149-M:13 and N.H. RSA 149-M:17 specifically and N.H. RSA 149-M in general.
d) Prepare and submit a budget to implement guideline articles.

II. Said Committee's membership shall consist of 11 members, who must be residents of the Town of Newton. Members are to be selected by the following procedures:

a) 3 members are to be appointed by the Newton Selectmen in the following manner:

1. Initially - three members appointed from the town, one to serve a one year appointment, one to serve a two year appointment and one to serve a three year appointment.

2. When an intial term expires, it shall be replaced with an individual and this term shall expire three years from appointment date.

b) 4 member positions shall be filled by one representative of each of the following Boards:

1. Newton Conservation Commission
Newton Board of Health
Newton Planning Board
Newton Selectman

2. The above mentioned Boards may select, change or rotate their representative at any time and in any manner.

3. The representatives of the above mentioned Boards shall not be allowed to serve as Chairman, Vice-chairman, Secretary, Treasurer, or any other official position of said committee.

c) The town's official representative to the South-eastern Rockingham County Solid/Sanitary Waste Management District (S.R.C.S.S.W.M.D.) shall be a member ex-officio of said committee. The district representative shall be granted all committee membership rights exclusive of voting and the ability to hold an official position.

III. Said Committee's system of voting shall be as follows:

a) Each member shall have on equal vote with the exception of the S.R.C.S.S.W.M.D. representative having none.

b) A quorum of at least five voting members must be present to vote on any item.

c) An item shall be considered passed, adopted, or approved if greater than fifty percent of the present voting members approve the item.

Moved and seconded.

It was voted to amend the Section II: membership shall consist of 7 members and not 11 as printed.

The article as amended carried by voice vote.

Article 56. To see if the Town will vote to approve the following changes in the Town's Solid Waste Management Planning Committee:

REPORT OF THE TOWN AUDITORS

We have examined the accounts of the Selectmen, Treasurer, Tax Collector, Town clerk, Boat Tax Collector and the Gale Library for the yea ended December 31, 1989. Our examination was made in accordance with the standards set forth in the Department of Revenue Administration Rules, Rev. 505.01 through 505.09. Our examination also forms the basis for our report on form MS-60, Auditors' Report. Based on this examination, we conclude that the accounts of the Town of Newton, as above mentioned, are properly stated for the year ended December 31, 1989 and are in complianc with all applicable laws. We also examined the Town Bond and conclude that the Treasurer, Tax Collector, Town Clerk, Boat Tax Collector, Trustees of the Trust Funds, Deputy Tax Collector, Deputy Town Clerk, Deputy Treasurer and the Road Agent are all properly Bonded.

We have also examined the accounts of the Trustees of the Trust Fund and the Revenue Sharing Funds of the Town and conclude that such accounts are properly stated and kept in accordance with all laws. We also found them to be invested in vehicles yielding the highest attainable rate of interest available and the least amount of risk.

Respectfully Submitted, this the 8th Day
of February, 1990 by the Town Auditors:

Stephen P. Trenholm

Raymond Thayer

REPORT OF THE CHIEF OF POLICE

1989 was another busy year for the Newton Police Department. A few of our more noteable investigations were Armed Robbery, Bomb Threat, Train Derailment, Illegal Aliens and Arson.

This year we did manage to send our officers to some very good professional schools. A list of some of these schools are as follows: Drug Awareness, Drug Interdiction, Street Survival, Evidence Technician, First Line Supervision, Automatic Handgun, F.B.I. Firearms Instructors, and Sexual Assault Seminar.

I would like to mention on what I believe is the largest problem facing the Police Department and the town of Newton and that is the "Drug Problem". There are many problems that go with drugs. Some of these problems are theft, burglary, overdoses, runaways, assaults, family disputes, motor vehicle accidents and many more. This problem is quite costly to the Police and the Townspeople. We did go into the schools, readiness through the 8th grade, with drug presentations and we believe it worked out well. The Newton Police Department would like to thank the Townspeople for their support to the Police Department and the War on Drugs.

FIRE DEPARTMENT

There are 38 members on the Newton Fire Department this year. Seven have been certified by N.H. Career Level, two Certified Pumper Operators, One EMT Certified, One Fire Investigator Course and two just completed Level I Certified.

The Rescue Squad sponsored a road race and the fire and rescue have done projects with the boy scouts. The Fire Department has conducted Fire Safety Programs with the grammar schools and nursery schools and has participated in two live fire trainings with the Kingston Fire Department and two live fire trainings with the Hampstead Fire Department. The new Forestry Truck has been stocked with medical supplies and is used as a lite rescue when needed.

The department had four serious structure fires this year of which 6 people narrowly escaped with their lives, and 4 people are alive today only because of "**smoke detectors**". The number of responses was about the same as last year, however, man hours were greatly increased due to incidents with multiple hours.

I would like to thank the members of the Newton Fire Department for their tireless effort and dedication.

PLEASE USE SMOKE DETECTORS!

You may have less than 3 minutes to leave your home after a fire starts.

The Fire Department is requesting you display your house number.

GALE LIBRARY

After careful consideration of the library budget and patrons library needs, restructuring of the Gale Library's open hours of operation was a major change in 1989. New hours of operation offer patrons eight uninterrupted hours of library use, three days a week - Mondays, Wednesdays and Fridays from 12 Noon to 8 PM & morning hours on Tuesdays and Saturdays from 10 AM to 1 PM. The new schedule has been well received by patrons and will remain in effect until re-scheduling becomes necessary.

Susan Peterson's resignation in June, came as a surprise. Our thanks to Susan for her six good years of creativity and growth, especially in regard to computers.

Virginia A. Bartlett joined the staff of the Library in September of 1989, as a Library Assistant.

Gale Library Staff has registered many new Newton residents this past year. We welcome you to Newton and to those of you who have not been in the Library in awhile, the staff and I look forward to introducing you to what the Library has to offer. The Library maintains a very diverse collection of books/media, for all age groups & a magazine collection of some 41 titles. Magazines may be borrowed for a two week period. Services at the Library include: Interlibrary Loans, New Hampshire State Library Loans, a computer for patron use, a copy machine for patron use at 10 cents per copy, and a Microfiche Reader/Printer. Gale Library also has equipment such as a 16mm movie projector, typewriter, filmstrip projectors, to name a few, for use by Organizations and Civic groups, such as the Lion's Club, Scouts, Conservation Commission, based in Newton. Groups may also utilize the meeting room on days the Library is not open to the public. Applications and a copy of the Library's policies governing the use of the meeting room can be obtained at the main desk during open hours. A ramp for the handicapped is located at the entrance nearest the parking lot at the rear of the building.

All residents of Newton may be issued a Library Card at their request. Proof of residency will be required. There is no charge. Children may be issued a card when they enter the first grade. Younger children may check-out books on a parent's card.

To all of you who have donated time, money, books and other materials, thank you! The Library community is fortunate in having so many friends. With your continued support, we will work hard to maintain the quality of service currently offered and will strive to better that service in the 1990's.

PLANNING BOARD

The Newton Planning Board scheduled 24 regular meetings during 1989, of which 17 were held. The Board conducted one special meeting, one work session and one meeting for Public Hearings for the Proposed Zoning Ordinance Changes and Citizen Petition Zoning Ordinance Changes. The Board also conducted a Public Hearing for changes to the Wetlands Ordinance during their regular meeting in November.

The Board voted to re-elect George M. Moore, Jr., Chairman; Richard E. Monahan, Vice Chairman; and Nancy J. Marden, Treasurer.

The Board held several Design Review Sessions for proposed Subdivisions, as well as Public Hearings for both Lot Line Adjustments and Subdivisions. There were discussions on Inspection Stations and Bonded Auto Dealer Licenses. The Board also had two discussions on Septage Lagoons, at one of which a representative from Rockingham Planning Commission made a presentation.

The Planning Board holds its regular meetings on the second and fourth Tuesdays of each month on the second floor of the Town Hall. The Planning Board invites the Public to attend these meetings. Meeting notices and agendas for the Planning Board are posted at the Town Hall and the Post Offices at least 24 hours prior to a meeting.

BOARD OF APPEALS

The Board of Appeals has heard 4 appeals and held several preliminary hearings to determine the status of landowners' questions. The Board welcomes these inquiries and feels they are an important entity to the citizen who wishes to inquire about the possibilities of utilizing their property without expense that would otherwise be prohibitive.

The Board meets on the 3rd Tuesday of the month and is available for preliminary discussions to help you determine your needs.

Respectfully submitted,

CONSERVATION COMMISSION

The Conservation Commission meets on the 1st, 3rd and 5th Thursdays of the month at 7:30 PM in the Town Hall. All meetings are open to the public.

This past year the Conservation Commission worked closely with the Planning Board on the proposed changes to the Town Wetlands Ordinance. Other projects have included walking, surveying and inventorying town property, assisting the Planning Board on subdivision site walks, and investigating citizen concerns regarding possible environmental damage.

One of the important duties of the Conservation Commission is the site review of state dredge and fill permit applications, as the state is dependent on local Conservation Commissions for the actual field work. This year we reviewed and reported on seven applications.

We would like to make residents more aware of the outdoor opportunities that are available to them on town-owned land. We are working on some of these properties to make them more appealing for public use.

Members of the Conservation Commission dedicated many evenings and Saturdays to attend workshops and seminars sponsored by such organizations as the New Hampshire Association of Conservation Commissions, the U.N.H. Cooperative Extension, the Rockingham Planning Commission.

In 1989, Conservation Commission members volunteered approximately 503 hours in service to the Town of Newton.

Respectfully submitted,
Robert E. Fox, Chairman
Conservation Commission

ANIMAL CONTROL OFFICER

I would like to thank all dog owners that got their dogs licensed in 1989 and I would like your cooperation in doing the same in 1990, as I will be there to enforce the restraining law again.

The new disposal system with the freezer is working out great, as I haven't had any problems with it.

I am looking forward to assisting you in 1990 with any problems you may have relating to animals. You can reach me at 382-8144 or at 42 Harriman Road, Plaistow, N.H. 03865.

BOARD OF HEALTH

With the slow down in the economy effecting growth in the area, activity dropped with relation to the development of property in town. We are seeing many more single lots instead of proposals for 10+ lot subdivisions. Activity picked up in the late fall of 1989 showing more proposed construction in the spring of 1990. As in the past, all growth makes us closer neighbors and although the Board of Health is glad to help in any way we can, we ask all residents to be good neighbors. Try talking to your neighbor about your concerns before involving any town departments.

In conjunction with the State Solid Waste Enforcement Division, we have worked with property owners to clean up several areas in town. The Boy Scouts and Cub Scouts have been helpful in this area. We all should work to make Newton a cleaner place to live. We encourage every resident to make themselves aware of Recycling and Household Hazardous Waste Programs that will be starting in this area soon. The Board of Health has also been involved in monitoring several oil/chemical spills/leaks in town. If you know of or have a concern in this area, please contact us as soon as possible.

There has also been an increase in calls this year relative to home occupations. We recommend that if you have a question on this matter, you initially contact the Planning Board. They will refer you to all appropriate Boards. The Board of Health has also done a preliminary review of the proposed Septage Lagoon on South Main Street and will continue to watch this process.

Please continue to contact us with your concerns and questions.

Kenneth A. Pelletier
Health Officer

RECREATION COMMISSION

The Recreation Commission enjoyed serving the youth of Newton this past year. The summer recreation program, swimming program, and Memorial Day Parade were a big success. The Commission also sponsored an outdoor Christmas decorating contest which we hope to make an annual event. We hope this year's activities will be as good if not better than last year.

The Commission made purchases of new equipment consisting of: a new net for the tennis court, new basketball hoops and nets for the Heath Street Recreation Area and new soccer balls for the summer program.

We have many ideas for the coming year, and we hope that the townspeople will continue to support our efforts.

1984 - NEWTON FOOD PANTRY - 1989

The Newton Food Pantry door is open to anyone who needs emergency food. We have a screening program but are always here to help. Referrals are taken from other social agencies because even if a family does qualify for food stamps, there is a waiting period. When a family is out of food we are ready to help without the red tape. Enough food is given for a family for three days consisting of breakfast, lunch and an evening meal, depending on the size of the family.

We are able to keep the Pantry open year round and well stocked with non-perishable foods due to the caring people of our local Churches, Silver-Tops, Packer Meadows Association, Carl Davis American Legion, V.F.W. Auxillary, Newton Lions Club, Kingston Area Jr. Women's Club and private donations. A special thank you for the canned food drive by the Boy Scouts, Cub Scouts and the girls and boys of the Sanborn Regional Middle School.

We were able to make up and send out twenty Thanksgiving and Christmas baskets, in addition to our emergency food program.

QUADTOWN
Solid Waste Planning Subdistrict

The formation of the Quadtown Planning Sub-District was approved by the Towns of Newton, Kingston, East Kingston and Hampstead in March 1989.

In April, the Subdistrict adopted Bylaws and established sub-committees to perform the complex planning process for handling solid waste for these four towns in the future.

After various proposals from consultants to draft the plan, the Subdistrict elected to write the 149M Plan itself. Work was started in May and has been continuing since. The plan is approximately 80% complete with a final target date (100%) of February 1, 1990. A copy of the plan, as completed so far, has been submitted to the Board of Selectmen in each participating town.

A revised 1990 budget, which requires no additional funds, has also been submitted along with a check for unexpended funds. (Newton's share - $4,000.00)

Respectfully submitted,

ROCKINGHAM PLANNING COMMISSION

1989 has been another busy year for the Rockingham Planning Commission. In addition to the ususal array of local planning activities such as the development of new master plans, CIPs, zoning updates and water resources plans, the year has seen the start of an annual training series devoted specifically to Planning Boards. It was also marked by our acquisition of an advanced computer mapping system that will greatly enhance the accuracy and quality of maps produced for our member communities. In the field of transportation planning we now have the equipment and trained staff to analyze road surface conditions and prioritize improvements with our Road Surface Management System.

Newton received a variety of assistance from the Rockingham Planning Commission during the past year. Services rended to the Town during calendar year 1989 are as follows:

1. **Provided technical assistance to the Planning Board. These services include:** attended a work session to discuss the ramifications of a setage disposal facility; provided comment for proposed amendments to the Newton Wetlands Ordinance for the 1990 Town Meeting; provided the Planning Board Chairman with case law information regarding the four-year exemption law (RSA 674:39);

Discussed the following with Board members: proposed zoning amendments for the 1990 Town Meeting, posting for zoning amendments, the Newton Subdivision Regulations, a proposed subdivision, and data used for Newton in the RPC Housing Needs Assessment, and researched a question regarding a subdivision within a proposed commercial district.

2. **Incorporated zoning amendments** from the 1989 Town Meeting into the Newton Zoning Ordinance, and updated the Town Zoning Map.

3. **Provided** 13 copies of the **Town Zoning Map** to the Selectmen's Secretary, and 50 copies of the reduced (8 1/2" x 11") Zoning Maps to the Planning Board Chairman.

As always the Commission Staff is eager to assist you and the Town of Newton.

Susan E. Hastings, Chairman
Cliff Sinnott, Exec. Director

EXETER AREA VISITING NURSE ASSOCIATION, INC.

Town support enables Exeter Area Visiting Nurses to provide clinics, screenings, health promotion programs and home care services to residents of all age groups who otherwise may not receive care.

As the community based Health Care Agency for the Town of Newton during 1989, this is an overview of services provided to the residents:

Home Care Services

460 **Nursing visits to the home** - registered nurses provide skilled nursing care during illness or after hospitalization.

37 **Home visits by physical, occupational and speech therapists** licensed personnel provide therapy during illness or after hospitalization.

175 **Home visits by health aides** - certified aides provide personal care to those unable to do so.

13 **Other home visits.**

11 **Unduplicated clients received these services.**

Adult Health Services

34 **Footcare Clinic visits** - clinic provides assessment, referral and direct footcare to senior citizens.

9 **Blood Pressure Screenings** - clinics for detection of abnormalities, monitoring, counseling and referral.

1 **Skin Cancer Screening** - clinic for detection of skin cancer.

7 **Blood Sugar and Iron Screenings** - clinic for detection and referral for diabetes mellitus and iron deficiences.

31 **Flu Immunizations** - influenza vaccine administered to high risk individuals.

Maternal and Child Health Services

6 **Home Visits to Mother and Children** - visits by registered nurses to assess newborns and new mother and provide anticipatory guidance.

20 **Well-child Clinic Visits** - provide well child physical exams, immunizations and guidance for children from birth to six years of age.

793 **Total Units of Service**

We look forward to continuing the provision of home health services in your town during 1990.

Respectfully submitted,
Mary Lou McLean, Interim Dir.

LAMPREY HEALTH CARE

The Senior Citizen Transportation Program enables the seniors of Newton to remain independent and active through the provision of transportation to needed services. Weekly, the seniors in your community are taken grocery shopping, to the pharmacy, to medical appointments, and on other necessary trips. A recreational trip is planned monthly and special appointments which do not fit into the schedule are provided by our drivers or a group of volunteers from the program.

Three of our busses are equipped with hydraulic lifts for those residents confined to a wheelchair.

We estimate that by year's end, 785 rides will be provided to senior and handicapped citizens from Newton. We are pleased to provide this service in Newton, and feel that transportation is one of the most important programs operated by Lamprey Health Care.

Lamprey Health Care also operates a medical program, providing primary medical care and social services, and has medical offices in Raymond and Newmarket. The medical staff consists of seven physicians: five Family Physicians, and Obstetrician/ Gynecologist, and a Pediatrician. A Certified Physician's Assistant and two Nurse Practitioners round out the medical team. The medical program also consists of social service assistance and health education and promotion activities.

The cost of operating the programs which serve your community continues to rise, but funding from federal sources does not. This is stressing the budgets of all non-profit agencies and is forcing us to rely on non-federal sources for dollars more than ever before.

Dollars from the Town of Newton will be combined with 26 other towns and will provide match for federal dollars available and assist in keeping this vital Transprotation Program available.

Newton's continued support is critical to the operation of Lamprey Health Care's programs. We look forward to providing services to the residents in 1990.

Respectfully submitted,
Ann H. Peters
Executive Director

ROCKINGHAM COUNTY COMMUNITY ACTION PROGRAM, INC.

Rockingham County Community Action Program, Inc. (RCCAP) is a private, non-profit corporation, officially designated as the anti-poverty agency which serves the low-income population of Rockingham County. Our mission is to serve the multitude of needs of the county's low-income residents by assisting them in coping with the hardships of poverty, giving them the tools to lift themselves out of poverty and seeking to eradicate the root causes of poverty. RCCAP has been effectively serving these needs for more than twenty-four years.

The Greater Raymond Community Action Center is the outreach center serving residents of Newton and 14 other communities, and as such acts as Newton's central resource for information regarding all available human services. In addition, RCCAP offers service sites in 18 other Rockingham County communities for the application and provision of various Community Action services.

Of the major direct service programs offered by Community Action, the following were provided to eligible residents of Newton from July 1, 1988 through June 30, 1989:

39 households received Fuel Assistance, a program which provides a financial grant of up to $500.00 to assist with energy-related expenses.

4 homes were weatherized through the Weatherization Program, which provides high quality materials and trained labor to weatherize homes in order to reduce heating costs and conserve energy.

4 households received the Home Repair Program, which provides for the repair or replacement of furnaces and heating units and home repairs for low-income homeowners.

1 child was provided meals from a private family day care home which participates in the Rockingham Family Day Care Program.

6 child care referrals were arranged through the Child Care Resource and Referral Program, which compiles current data on all available child care options, provides child care referrals to employees of participating companies as well as to the general public, and expands the supply of quality day care by recruiting, training and assisting new day care providers.

20 women, infants and children received help through the WIC Program, which offers supplemental nutritious food and nutrition counseling to pregnant women, nursing mothers and children up to the age of 5 who are nutritionally at risk.

5 elderly or handicapped individuals received Lifeline, an emergency response system which provides immediate twenty-four hour access to community medical responders.

153 food packets were provided through the Surplus Food Program, which distributes USDA surplus food to eligible households through periodic mass distributions.

2 children were enrolled in Camp Sebago, a week-long overnight summer camp for low-income children between the ages of 7 and 12.

1 child/postpartum woman received help through the Commodity Supplemental Foods Program, which provides commodity foods to eligible children up to age six and postpartum women until their infants reach one year of age.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year, we logged 26 calls or visits from Newton residents, many of which were crisis calls involving fuel or utility problems, the lack of food or clothing, or general financial needs. By working closely together with local and state welfare administrators, fuel and utility companies, other human service agencies and interested clergy and civic groups, we are able to link those in need with the services available to them.

Since the services we offer greatly relieve the towns we serve from the full burden of providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents. The amount we request equals 4.5% of the total dollar value of services provided during the previous fiscal year, which means that we request $4.50 for every $100.00 we provide in direct services.

From July 1, 1988 through June 30, 1989, Community Action provided $46,448.00 in services to Newton residents. We are therefore requesting the Town of Newton to contribute 4.5% of this amount, or $2,090.00. The Town of Newton has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

Respectfully,
Amy Mueller-Campbell, Director
Greater Raymond Community Action

VIC GEARY CENTER

The Vic Geary Center, 18 Greenough Road, Plaistow, is a non-profit organization incorporated and registered with the New Hampshire Charitable Trust. The Center serves as a senior center for the Towns of Newton, Plaistow, Hampstead, Atkinson, Kingston, Sandown and Danville. Operation of the Center is administered by a Board of Directors representing the Towns it serves. Newton is represented by Charlene O. Pinkerton, Welfare Administrator for the Town.

It should be noted that 30 residents received meals on wheels this past year. A hot noon meal was delivered five days per week with frozen weekend and holiday meals also provided. Where necessary, an evening meal was also delivered.

Many other Towns and area residents are serviced by activities such as dance classes, recreational games, aerobic classes, travel club, etc.

22,960 meals were served from the Vic Geary Center this past year.
18,980 units of social service including home visits, referrals, support counseling, nutrition information clinics, etc. were provided from the center.
1,140 units of transportation were provided and 3,684 hours were donated by volunteers working at the center.

The Center is a pleasant, spacious place for senior citizens to gather to participate in all activities. We would appreciate your continuing support.

Respectfully submitted,
Sue Bonagura
Secretary

A SAFE PLACE
Seacoast Task Force on Family Violence

Each year in New Hampshire alone, approximately 40,000 women are beaten by their husbands or boyfriends. Victims of partner abuse often need a variety of support services to help them make successful transitions to new lives.

A SAFE PLACE is currently the only organization in Rockingham and Strafford Counties providing shelter, support groups and advocacy services specifically for battered women. The shelter can house up to twelve women and children at a time; length of stay is based on individual circumstances. Six paid staff members and over fifty active volunteers help provide the following services: shelter, 24-hour crisis line, peer counseling, support groups, legal advocacy, emergency transportation, and information and referral.

This year, an estimated 9 town residents were provided with approximately 16 units (or instances) of advocacy and support. This compares to 21 units provided in 1988 and 35 units in 1987. We are therefore requesting decreased funding to reflect this trend. However, the funds we are requesting are still essential to our ability to continue to serve families from Newton.

Thank you for your support of our work with battered women from the Town of Newton, and for your consideration of our request.

Respectfully submitted,
Lee Sullivan
A SAFE PLACE

AREA HOMEMAKER HOME HEALTH AIDE SERVICE, INC.

Our purpose is to help people remain independent in their homes with dignity and happiness as long as possible, thereby avoiding the higher costs of institutionalization. In its recent study the Urban Institute projects a steady increase in the numer of frail elderly and elderly living alone who will need home care support services in the years ahead. Our policy has always been to serve all clients as needed without a waiting list. With your assistance we shall be able to continue this practice.

The services provided to residents of Newton for the twelve month period ending September 30, 1989, and the cost of providing those services are as follows: 21 residents served, 1,281 total hours, $18,578.00 cost of service.

We appreciate your continuing interest and support in our efforts to serve the residents of Newton.

Respectfully submitted,
Richard Park
Executive Director

WOMEN'S RESOURCE CENTER

The purpose of the Women's Resource Center is to ensure that women in the community are provided with needed services and resources to remedy the damage which has resulted from sexist values and priorities in our society. In pursuing this purpose, the Center will work to identify areas in which needs exist and may seek to meet this goal by advocating for improved or modified services from existing agencies, or by facilitating the work of other groups with similar purpose.

In 1989 the Women's Resource Center provided residents of the Town of Newton with 60 hourly units of service. The Center provides the following services to victims of sexual violence at no cost:

Sexual Assault preventative education in the school system which trains teachers and students about personal safety.

Police & hospital training "on working with adult/child victims of sexual violence".

Court, police and hospital advocacy for victims and their families.
Group and individual counseling, support and referrals.

Without your continued support we would have to cut back on the quality of services which have increased by more than 100% in the past year. The largest number of cases currently being prosecuted in Rockingham county are related to sexual violence.

Respectfully submitted,
Maxine Stein
Executive Director

FAMILY MEDIATION & JUVENILE SERVICES

Family Mediation & Juvenile Services has continued to serve the juveniles and families of your community in 1989 even more effectively than in previous years. At this time, the program not only serves as a resource for families experiencing conflicts, but as a referral source for other services, a crisis intervention program, a liaison to the police department and the Plaistow District Court, as well as offering a drug awareness program and a community restitution program. Juveniles experiencing difficulty in the home, school, or community are being served in a more intensive way than ever before.

Community Restitution: An alternate diversionary program to the already established Family Mediation program, in which a juvenile may "work off" his sentence and/or fine at a work site in the town where the offense took place.

Prison Tour: (Of the Rockingham County Jail in Brentwood) This program is targeted at the "borderline" juvenile. That is, a youth who has been enmeshed in the court system but yet has not done anything to prevent him/herself from continuing down the same self-destructive path. The program consists of two phases. First, an individual tour of the jail by Lt. Charron. He portrays to the youth the realities of life at and after the County Jail. Second, a one-on-one discussion with an inmate that is hand picked by Roger Girard, Substance Abuse Counselor at the jail. The goal being that by providing a realistic view as to what consequences the youth will face if he/she continues with the socially unacceptable behavior, the youth will be motivated to seek out help in order to resolve those issues that lead to that sort of behavior.

Drug Abuse Reduction Training: (DART) This program is targeted at those youths who are brought to the attention of the court and/or police for being in possession of, or under the influence of, or committing a crime under the influence of alcohol and/or other drugs. The idea behind DART is to provide educational support in which an emphasis is on self-evaluation in a safe and supportive peer environment. DART gives participants the tools with which to understand substance abuse so that they can make positive decisions about the role of alcohol and drugs in their lives.

I truly hope that you will continue to support the program.

DEPARTMENT BUDGETS

Gale Library	up	5%	Over their expenditures
Health Officer	up	30%	Over their expenditures
Planning Board	up	70%	Over their expenditures
Conservation Commission	up	300%	Over their expenditures

(They have carry over monies from prior years which they use to survey Town-owned land.)

Highway Department			
Winter	up	40%	Over their expenditures

(Mild 1989 winter - Block Grant up)

Summer	up	2%	
Police Department	up	2.5%	Over their expenditures
Fire Department	up	1.35%	Over their expenditures
Recreation Commission	down	9%	Over their expenditures

(They have carry-over monies which they are using to offset budget)

Town Officers' Expenses	up	10%	Over their expenditures
General Assistance	up	11%	Over their expenditures

(Increase in emergency needs)

Solid Waste Disposal Area	down	11%	Over their expenditures

(The 1989 budget was $224,596.00 expended $174,822.00. Monies for landfill not used.)

General Government Bldgs.	up	35%	Over their expenditures

We feel that a new budgeting format should be developed - ie, line items suitable for department - monies received should be credited to that department.
